For most of the condos, you must put the unit number first and then the building number. For example 51 River Dr Unit 1021, Winter Park, CO 80482 In this case, the unit is 10 and the bldg is 21. Some condos could have 2 units with the same APN. For those cases, we will use the unit numbers first and then, the building number, following the next format: 51 River Dr Unit 13-1410, Winter Park, CO 80482 In this case, the unit number is 13-14 and the building number is 10. In the PR you can search for the name of the building in the subdivision option. If you find a listing of the condo Hi Country Haus, it is not necessary to do AO because it is not inside the town.
